## HEARTBEAT CLUB

The Gosnells Women's Health Service, in partnership with The Royal Life Saving Society, is presenting a series of **HEARTBEAT CLUB** workshops specifically for parents and carers of children in the home.

They are designed to instruct carers (Mums, Dads, grandparents, etc) of babies and toddlers in the home the correct method of performing resuscitation on babies and young children.

The 3 hour course, which will also provide important drowning prevention techniques and First Aid information on croup, choking and burns, is conducted in a friendly and relaxed manner.
